*Powerful optimization for enhanced picture quality*

*Samsung's segmented dimming technology lets you enjoy viewing with deeper black and purer white shades, making everything you see more vivid and dramatic. It's all thanks to sophisticated contrast enhancement that gets the most from your TV and lets you enjoy all your entertainment at its best. Samsung's Micro Dimming gives you images more defined than ever.*

## Watch movies from your USB

*With ConnectShare Movie, simply plug your USB memory drive or HDD into the TV and instantaneously enjoy movies, photos or music. Now, you can experience a wide variety of content in the comfort of your living room on your TV.*

## More vibrant colors for better images

*Using an advanced picture quality improvement algorithm, Samsung's Wide Color Enhancer Plus drastically improves the quality of any image and uncovers hidden details. Now see colors as they were meant to be seen with Wide Color Enhancer Plus*

## Discover a new reality in Full HD

Enjoy a greater level of home entertainment realism than ever before. Thanks to a resolution twice as high as standard HD TVs, your Samsung FHD TV delivers a breathtaking viewing experience that takes you beyond the screen into a world of total immersion. When you've seen the rich and vivid texture of Full HD images, your favorite TV programs and movies will never be the same again. Discover reality with a full high definition experience.

## Clear Motion Rate minimizes motion blur

Thanks to Samsung's advanced Clear Motion Rate (CMR) technology, even fast moving scenes are delivered with clarity. A higher CMR means clearer viewing and less motion blur, so you can enjoy action films, sports and other entertainment at their very best. This technology is possible due to an enhanced panel refresh rate, image processor speed and backlight technology. That means viewing that's clearly better.

## Powerful Quad Core processor for faster performance

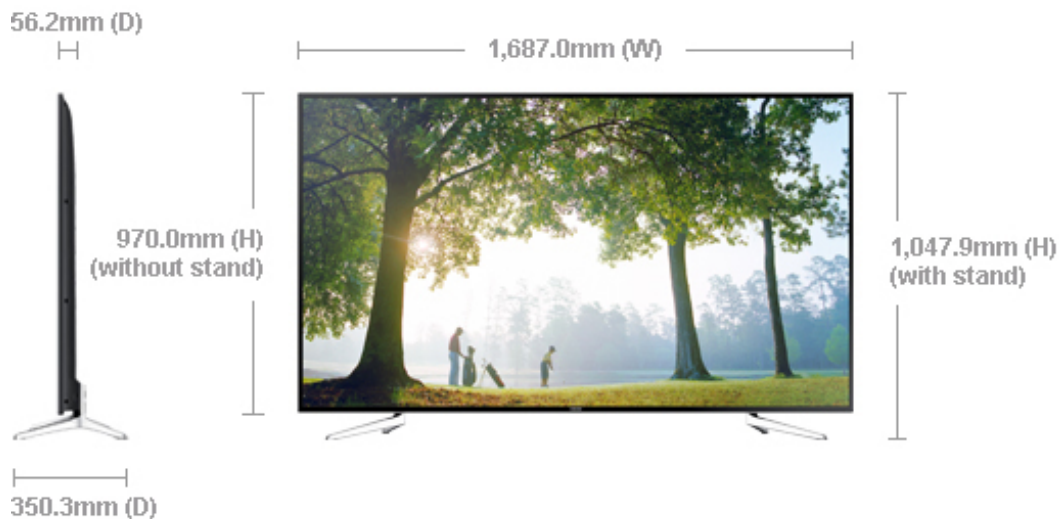

Thanks to a powerful Quad Core processor, your Samsung Smart TV offers enhanced performance. You'll notice the difference straight away, with faster multitasking and switching between content and web browsing, as well as smoother interaction. With this extra power, your entertainment experience will be so much more enjoyable, with less waiting and more viewing.

## Immersive realism with Samsung Full HD 3D technology

Prepare to see entertainment in a whole new way. Samsung's sophisticated Full HD 3D technology means you can even enjoy 3D movies and TV shows at stunning Full HD resolution. It also enhances your 3D picture quality and cuts out ghost images to give you clearer and more immersive viewing. With such a high level of realism, you've never experience 3D like this before. \* 3D glasses required
